Wagoner Nursery

Kansas Grown Stock

Hutchinson, Kansas

"God Bless America, Our Home Sweet Home."

TO OUR FRIENDS AND PATRONS:

With the opening of our 1941 season we thank God in Heaven for our birth-right.

It is great to be living in this great land of the free, and the brave. As agriculturists we are putting our shoulders to the wheel in a genuine effort to contribute our share toward promoting the general welfare of our community, and our nation.

As we read our daily papers and listen to Radio Commentators we become more firmly convinced with each passing day that members of our trade, can render America a splendid service by promoting among all our citizens the culture of nature's flowers, plants and trees as a certain method to maintain calm, and peace of mind.

With this in mind we are increasing our efforts to produce higher quality stock because we firmly believe that beautiful flowers and plants are God given things which make the world a better place to live in.

"Stop in and see us"--We'll try harder than ever to please you with quality nursery stock at reasonable prices, whether you buy or not you're welcome, "Our latch string is always out" --and we will do our best to make you like us.

Thanking you for your consideration, and with hope that we may, by sincere effort, merit continued patronage from you who have made our existence possible, I am

Very Sincerely C. D. Wagoner

Landscape Plan Service

Our Landscape Architect will be glad to call on you and offer help and suggestions for the arrangement of your contemplated planting. We will draw modern and artistic Landscape Plans without cost if we furnish the stock for your planting.

Proper and correct arrangement of your plantings is really worth as much if not more than the plants themselves- yet this costs you nothing extra.
